## CONGRATULATORY MESSAGE

Dear Wushu friends,

On behalf of the Olympic Movement, I convey my greetings and best wishes to the International Wushu Federation (IWUF) on the occasion of its 20th anniversary. Wushu is a traditional martial arts, and we know that martial arts, like all sports, play an important role in today's society. Wushu has always played a very positive role, not only in competitive sport but also in sport for all.

As an IOC-Recognised Federation, the IWUF has always supported the dissemination of the values and ideas of Olympism, of which mutual understanding, friendship, solidarity, and fair play are the cornerstones. And I am sure that this will continue for many years to come.

I would like here to thank the IWUF President, my colleague Yu Zaiqing, his team as well as the national federation and the thousands of volunteers who give their time and energy to promoting this sport and its values among the youth of the world.

I therefore support and encourage the International Wushu Federation in its continuing endeavours and wish you all an enjoyable 20th anniversary!

Sincerely,

Jacques Rogge  
President, IOC

## CONGRATULATORY MESSAGE

Dear members and friends,

On Oct 3, 1990, the International Wushu Federation was formally established in Beijing. Looking back on 20 years of growth and development, the IWUF has gradually progressed, from small to big, from weak to strong. It has achieved a great deal, filled with opportunities and challenges on its way to success. On behalf of the IWUF, I would like to express respect and appreciation to the 140 members of the IWUF, wushu fans of the world and all the friends who make efforts and contribute to the development of wushu.

Wushu originated in China, but belongs to the world. The idea of harmony and the spirit of ceaseless self-improvement in wushu culture are the mutual treasure of all human beings. The fitness value of wushu has been generally accepted by the world and hundreds of millions of people gain health and happiness by practicing wushu and Taijiquan. The charm of wushu has been constantly displayed in the international sports competitions. Wushu is taking firm steps into to the world and towards the future.

Best wishes to the future of the International Wushu Federation!

Sincerely,

A handwritten signature in black ink, appearing to be 'Yu Zaiqing' in Chinese characters.

## CONGRATULATORY MESSAGE

Dear members and friends,

20 years ago on this day, by China's initiative, wushu associations from 31 countries and regions in Asia, Europe, America and Africa established the International Wushu Federation; consequently a new international wushu organization was born. After 20 years, the IWUF has developed into an international sport organization with 140 members from five continents. It is getting more and more influential and was formally accepted by the IOC in 2002, becoming a part of the Olympic family. With the leadership of IWUF, competitive wushu has developed quickly. Since 1991, it has held the World Wushu Championships 10 times, the Sanda World Cup 5 times, the World Junior Wushu Championships 3 times. Of special significance we hosted the "Wushu Tournament Beijing 2008" which was successfully held during Beijing Olympics, paving the road for competitive wushu into the Olympic Program. I am convinced that in the near future, with the joint efforts of the wushu fans around the world and the supports of friends from all walks of life, wushu is bound to contribute more to the health of the people in the world and the Olympic Movement.

IWUF pays great attention on the development of traditional wushu and makes continual efforts to improve people's health and to enrich people's spiritual lives. It hosted the World Traditional Wushu Championships for 4 times, with the aim of encouraging public participation, in order to set a stage for wushu fans to compete and communicate. It attracted hundreds of thousands of friends in the wushu community. At the same time, we are happy to see that more and more friends worldwide choose wushu as a way to fitness, especially Taijiquan, which plays a very special role in the sport for all. With the development of scientific research of wushu, the field of wushu techniques and basic theory, wushu kinematics, sociology and medical science have bore fruits which lay the theoretical foundation for the development of wushu. The IWUF pays much attention to anti-doping, and has signed an anti-doping agreement with the World Anti-Doping Agency (WADA). It released the first "IWUF Anti-Doping Rules" in 2003 and renewed it and formally issued the new "Rules" in 2009 according to the requirements of the WADA.

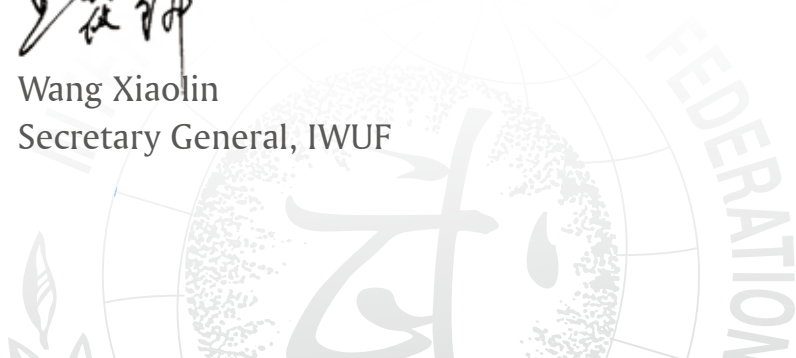

We have to preserve the old and also know the new. The future of the IWUF is filled with opportunities and challenges. It is believed that with the leadership of the IWUF executive committee and the concerted efforts of all the members, wushu will develop better and contribute more to the Olympic Movement and the happy and healthy lives of the people worldwide. Best wishes to wushu and the health of people! Best wishes to wushu and Olympics!

Sincerely,

A handwritten signature in black ink, appearing to be 'Wang Xiaolin' in Chinese characters.

Wang Xiaolin

Secretary General, IWUF

## CONGRATULATORY MESSAGE

Dear Wushu friends,

As a vice president of IWUF, I warmly congratulate the glorious achievements of the IWUF on its 20th anniversary! At the same time, I would like to express respect and appreciation to the friends who devote themselves to the development of the IWUF.

In 20 years, we have overcome difficulties, made progress and gone through an unforgettable time together. We are so happy and proud to see IWUF has been growing steadily and achieved great success in all aspects, in terms of organization and competitive levels.

I hope that we will unite more closely and make mutual efforts for the glorious future of wushu!

Sincerely,

A handwritten signature in black ink, appearing to read 'Lim Keng Yaik'.

Lim Keng Yaik  
Vice President, IWUF

## CONGRATULATORY MESSAGE

Dear Wushu Friends,

This year is very special. It commemorates the 25th anniversary of the EWuF (1985) and 20th anniversary (1990) of the IWUF. It is my great pleasure and honour to have been a part of the growth and development of wushu since the beginning of the EWuF and IWUF. In 1985 the Chinese Wushu Association held preliminary meetings in Xi'an China with the members of the international wushu community. During these meetings we discussed the possibilities of an international body for wushu. Consequently a Preparatory Committee was established. Two Europeans had the great honour to be part of that pioneering group, General Giuseppe Falconi and Raymond Smith. It was difficult to introduce wushu to the world and with great help from so many of you we were successful and have seen the IWUF grow steadily in numbers with increasing recognition within National Olympic Committees, Association of International Sports Federations, SportAccord, International Olympic Committee and more recently the World Games. We have achieved a great deal by working hard together over the past years. Now with increased status within the sporting world we must work even harder to capitalize on our development, to become a more professional leading force within wushu and the sporting community in general. It is my sincere hope that with the right leadership we shall exceed our expectations and place wushu at the forefront of the sporting world. In this way we may overcome our great disappointment of being excluded from the Olympic Games. Let us work together with renewed and positive resolve to achieve the aim of becoming an Olympic discipline. Best wishes to all of you for wushu's continued development and growth for the future.

Yours sincerely,

A handwritten signature in black ink that reads "Raymond W. Smith." The signature is stylized with a long, sweeping underline.

Raymond W. Smith  
Vice President, IWUF

## CONGRATULATORY MESSAGE

Dear friends,

On behalf of the Pan-American Wushu Federation (PAWF) it is my great pleasure to congratulate the International Wushu Federation (IWUF) on its 20th anniversary. The formation of IWUF has filled an important role by representing the interests of wushu federations and practitioners worldwide. Across the globe, wushu federations have responded with such enthusiasm to the creation of IWUF that it now has 140 member-nations. Over the past 20 years, IWUF has grown rapidly with the support of its members, athletes, teachers, and officials. IWUF currently has active members in 5 continents, multiple international competitions, and strong involvement with the International Olympic Committee. These are remarkable accomplishments for just two short decades and are only possible because of the effort and dedication of the leadership of IWUF and member associations worldwide.

The Pan American Wushu Federation now consists of 22 member associations and is expanding each year. We have joined with other continental wushu organizations to continue our efforts to promote wushu in our respective regions.

Congratulations to IWUF on its 20th anniversary!

Sincerely,

A handwritten signature in black ink, reading "Anthony Goh". The signature is fluid and cursive.

Anthony Goh

Vice President, IWUF
